

The Animal Coalition of Tampa communicates with donors either by email or mail. Both are generated by our well protected databases, but are easy to discontinue, should you ever chose to.

Every email blasted from our media software contains an “unsubscribe” link which allows you to opt-out easily. All future emails are blocked until and unless you ask us to reinstate. It’s easy and it’s reliable.

We hold the information that originates by mail responses from our donors (including emails you generate to us via the donation link) in a protected donor base. That database has two options to assist you should you choose “opt-out”. You can either opt to stay active on our base for special purposes, but “do not send mail” or you can opt for “no future contact” Simply email us at [info@actampa.org](mailto:info@actampa.org) with your option, or write us at ACT, 1719 W Lemon St, Tampa, FL 33606.
